

Still Wind Ministries™  
Crisis. Jesus Intervenes. Calm. — Mark 4:37-39

# ANNUAL REPORT

## 2021

# Still Wind Ministries, Inc 2021

**Mission:** Provide support to the Upstate through partnerships with professional healers, educators, churches, businesses who are providing compassionate, competent, and community-based services that promote life-long healing and transformation.

## Strengths

- Steady contributions
- All grant requests were met
- A sustainable business model
- Strong partnerships
- Adapting through several major transitions
- Operated on the lowest manpower to date
- An attempt to merge with another nonprofit highlighted our strength and stability.

## Needs

- Continue the mission through continuing partnerships
- Add 4-6 people to the Board of Directors
- Resume fundraising event

*“I appreciate receiving a grant because it allows me to have continuity of care which is vital for my overall progress and health. It also allows me to feel motivated to pursue healing. If I only received treatment when I could afford it, it would feel like I was starting and stopping and going in circles. Then I would feel more anxious and frustrated and wish I had sought treatment at all.” – Grant Recipient*

*“This partnership has had a significant impact as a referral source, a source of support from other counselors, and financial support for my clients. This is vitally important to me. Access to services for under-resourced clients is important to me and to our entire community.” – Network Partner*
